**1. Improving 3+1 Communications – JuLee Wells**

J. Wells is the director of recruitment for OSU College of Osteopathic Medicine (OSU-COM). Her objective in presenting to DSAS is to 1) provide a clear understanding of the 3+1 program and guaranteed interview programs and to 2) communicate alternate admission options to eligible pre-med students.

3+1 Program:

- First 3 years at OSU, enrolled in an approved 3+1 major
- Meet with advisor to discuss the 3+1 program
- Eligible students apply their sophomore year to OSU-COM
  - 3.5 cumulative GPA
  - 3.5 science GPA
  - Completed at least 45 or more credit hours towards their major at time of application
  - Have at least 50 hours of health-related experience at the time of application
- AACOMAS applications are due February 28
  - Supplemental application is due March 30, check the box on supplemental application to indicate applying for this option
- Students are invited for an interview in the spring
  - Provisional acceptance
    - Complete degree plan for the last three semesters
    - Take MCAT junior year by April 1 – score at least 492
  - If not accepted, student must apply as a traditional applicant
- Matriculate to OSU-COM in the fall
- After first year of medical school, students will be awarded their bachelor's degree from OSU
- Approved Majors from OSU:
  - BSAG Agribusiness: Pre-Vet Business Management
  - BSAG Animal Science: Pre-Vet Animal Science
  - BSAG Biochemistry and Molecular Biology: Pre-Med/Pre-Vet Science
  - BSAG Entomology: Pre-Vet and Pre-Med
  - BS Biochemistry
  - BS Biology: Pre-Medical Sciences
  - BS Microbiology/Cell and Molecular Biology: Pre-Medical Professional
  - BS Physiology: Pre-Medical Sciences
  - BS Zoology: Pre-Medical Sciences

## 2. **New Academic Recovery Program – Nick Holmes**

University College Advising (UCA) is piloting a new academic recovery program for first time freshmen who have just been suspended. This is a new program is created to help those students return to OSU in the fall. Part of this program is going to involve personalized plan through UCA. Detailed information is listed on the website

[https://universitycollege.okstate.edu/uca/uca\\_arp.html](https://universitycollege.okstate.edu/uca/uca_arp.html)

## 3. **IT Security Awareness Training – Chris Francisco**

A group of OSU administration has been working on logistics of this training. The IT security awareness training will be combined with the 1 is 2 Many training. Information about messaging to students will be forthcoming.

## 4. **Other**

- As New Student Orientation (NSO) begins there are a couple of clarifications:
  - i. PLC does not appear to have a restriction on their course. Registrar's Office will reach out to the department to verify the information is correct.
  - ii. McKnight has only one class listed for fall. Typically, they have two classes, but they only want the students to enroll in one class this fall.
  - iii. N. Holmes wanted to know if anyone has received information regarding Northern Oklahoma College (NOC) remedial courses such as pre- college algebra, remedial reading or remedial science. He submitted a request to NOC regarding additional information but has not received a response. C. Francisco volunteered to reach out to NOC if N. Holmes does not receive a response.
